24 Hour Emergency Service...

PBBS provides 24 hour boiler and burner repair service for all manufactures to keep you on-line or minimize your downtime. Our trained staff of 40 service technicians and managers are on call, linked and dispatched via cell phones and pagers. Six office locations are maintained in the Minnesota and Wisconsin service areas with 33 service vehicles and 15 support vehicles for rapid response. Immediate access to parts and equipment allows us to provide you with efficient service repairs to get you up and running in the shortest time possible.

Providing customer oriented service throughout our service area has been our standard for over 50 years. Quality, solution driven service has formed the backbone of our Company since 1955. Our company's reputation for customer trust and satisfaction has sustained and nurtured our business through the years, and has helped us develop relationships with clients like Quad Graphics, Johnson Controls, Georgia Pacific and others.

For help with all of your service needs, please contact us and one of our experienced service people will assist you.
